

## About this organisation

### Machine translation

This organisation has been machine-translated based on data provided in German.

Technical tape weaving mill specialising in electrically conductive tapes.

The integration of conductors and electronic components in flexible and elastic tapes offers many possibilities for use in lightweight construction, e.g. as a supply line or as a sensor.

Huenefeldstrasse 57a  
42285 Wuppertal  
North Rhine-Westphalia  
Germany

AMOHR

### Organisation type

Small or medium-sized enterprise

### Sectors

### Employees

10 up to 49

### Turnover

€10m - €50m

### Funding

n/a

## About this organisation

**Main areas covered**      Electrically conductive textiles

**Infrastructure**

**Certifications**      ISO 9001, ISO 14001

**Keywords**

**Memberships**

## Overview of lightweighting expertise

### Machine translation

This organisation has been machine-translated based on data provided in German.

	Research	Development	Manufacturing & Supply
<b>Offer</b>			
<b>Products</b>			
Parts and components		✓	✓
Services & consulting			
<b>Field of technology</b>			
Design & layout			
Functional integration			
Measuring and testing technology			
Modelling and simulation			
Plant construction & automation			
Recycling technologies			

Overview of lightweighting expertise

Machine translation

This organisation has been machine-translated based on data provided in German.

	Research	Development	Manufacturing & Supply
Manufacturing process			
Additive manufacturing			
Coating (surface engineering)			
Fibre composite technology			
Forming			
Joining			
Material property alteration			
Primary forming			
Processing and separating			
Textile technology			
Textile surface treatment and finishing, Weaving, Knitting, laid web production		✓	✓
