

# THM recycling solutions GmbH

## About this organisation

### Machine translation

This organisation has been machine-translated based on data provided in German.

THM recycling solutions GmbH is a manufacturer of shredding machines for the processing of waste, scrap and other materials with the aim of recycling, utilising and conserving resources. We manufacture individual machines and also supply these in smaller system solutions, customised to the respective overall process.

Waste can be diverse. The waste market is increasingly characterised by materials from lightweight construction applications, which we have been focusing on in recent years. Tried and tested shredder principles are undergoing further technical development and modification.

Sulzfelder Straße 38  
75031 Eppingen-Mühlbach  
Baden-Württemberg  
Germany

**Organisation type**  
Small or medium-sized enterprise

**Sectors**  
No specific sector

**Employees**  
10 up to 49

**Turnover**  
€2m - €10m

**Funding**

**Main areas covered**  
Shredding machines

**Infrastructure**  
Technical centre

**Certifications**  
none

**Keywords**  
Recycling, pulping, shredding

**Memberships**  
VDMA
