About this organisation

Machine translation

This organisation has been machine-translated based on data provided in German.

AUOMO is a manufacturer of specialised machinery.

We develop and manufacture production systems for the production and processing of fibre composite materials. These include winding systems for the production of fibre composite structures, measuring and testing systems, production equipment for multi-material structures, consolidation systems, bonding, testing and joining systems,

Gartenstraße 42 01445 Radebeul Saxony Germany

Organisation type

Small or medium-sized enterprise

Sectors

10 up to 49

Turnover

€2m - €10m

Funding

leichtbauatlas.de Page 1 of 5

About this organisation				
GRP machines, CFRP machines, Special machines, Automation, Machine tools				
System development & commissioning				
Project process structured				
Automation, Special machine construction, CFRP/GRP, Machine tools, Organosheet handling Consolidation				
Carbon Composites e.V.				

Overview of lightweighting expertise
