About this organisation

Machine translation

This organisation has been machine-translated based on data provided in German.

The Albert Polenz company was founded in 1900 with the aim of manufacturing cutting and injection moulding tools and devices for production purposes. Since then, our company has continued to develop and has always kept pace with modernisation. Since our re-privatisation in 1992, we have been working for a large customer base from the automotive industry, medical technology and electrical engineering.
