About this organisation

Machine translation

This organisation has been machine-translated based on data provided in German.

The core of Imprintec from Bochum are innovative testing devices with which the yield strength and tensile strength of lightweight materials can be determined quickly and with minimal destruction.

The testing devices can be used to test lightweight materials such as aluminium or magnesium alloys, as well as steels and other metallic materials.

Universitätsstr. 142 44799 Bochum North Rhine-Westphalia Germany ☑ imprintec.de

Organisation type

Small or medium-sized enterprise

Sectors

No specific sector

Employees

Up to 9

Turnover

n/a

Funding

Main areas covered

Materials testing

Infrastructure

Imprinting process

Certifications

Keywords

Materials testing, Innovation, Innovative strength measurement, Imprinting process

Memberships
