Helmholtz Association of German Research Centres

### About this organisation

#### **Machine translation**

This organisation has been machine-translated based on data provided in German.

The Helmholtz Centre Hereon conducts cutting-edge international research for a changing world: around 1,100 employees create knowledge and innovations for greater resilience and sustainability. Hereon's scientific spectrum includes high-performance materials, processes and environmentally friendly technologies for mobility and new energy systems.

Laser material processing for the development of resourcesaving, environmentally friendly and economical processes and regeneration of operationally stressed structures, Increasing the service life of structures by improving their resistance to fatigue, corrosion and wear

Max-Planck-Str. 1 21502 Geesthacht Schleswig-Holstein Germany

#### **Organisation type** Non-university research institution

**Employees** 500 and more

**Turnover** n/a Forschungseinrichtung
