

d.u.h. Group GmbH

Product data management & simulation & product development

About this organisation

Machine translation

This organisation has been machine-translated based on data provided in German.

At d.u.h.Group, you will find a contact partner for CAD, CAM, CAE, data management (Teamcenter), software installation/maintenance, post-processors, process optimisation and additive manufacturing. To ensure that we can cater to all the needs of medium-sized manufacturing companies, each subject area is managed by teams of several people.

Since the company was founded, we have guaranteed exceptional consulting quality and comprehensive service as a digitalisation partner & engineering as well as a sales and service partner of Siemens PLM Software. To ensure that we can cater to all the needs of medium-sized manufacturing companies, each subject area is managed by teams of several people. At d.u.h.Group, you will find a contact partner for CAD, CAM, software installation, data management, maintenance, post-processors and process optimisation.

About this organisation

| | |
|---------------------------|---|
| Main areas covered | Siemens sales partner, NX CAD/ CAE/ CAM / Additive / TC, Siemens digital software solutions, Engineering in the field of simulation |
| Infrastructure | Test benches for component development, Hydropulse systems |
| Certifications | Certified Siemens Partner |
| Keywords | Teamcenter for lightweight construction processes, Topology optimisation, additive manufacturing, Structural analysis, component optimisation |
| Memberships | NeXeo official training partner |

Overview of lightweighting expertise

Machine translation

This organisation has been machine-translated based on data provided in German.

| | Research | Development | Manufacturing & Supply |
|--|----------|-------------|------------------------|
| Offer | | | |
| Products Software & databases, Systems and end products | ✓ | ✓ | ✓ |
| Services & consulting Training, Testing and trials, Engineering, HR services, Prototyping, Validation, Simulation, Technology transfer, Maintenance and repair | ✓ | ✓ | ✓ |
