

Siegert TFT GmbH

About this organisation

Machine translation

This organisation has been machine-translated based on data provided in German.

Siegert TFT GmbH is an innovative company operating in the field of thin-film technology. It specialises in the production of thin-film sensors, particularly for measuring pressure, force and strain. The range of services offered extends from individual production to large-scale production, from analysing a task to developing customised sensors and contract manufacturing.

STFT manufactures sensors using thin-film technology, which can be used in lightweight construction due to their specific properties.

Robert-Friese-Str. 3
07629 Hermsdorf
Thuringia
Germany

Organisation type
Small or medium-sized enterprise

Sectors
No specific sector

Employees
50 up to 249

Turnover
€10m - €50m

Funding

Main areas covered
Sensors in thin-film technology

Infrastructure
Sensor development and production

Certifications
ISO 9001

Keywords
Sensors, Force sensors, Strain sensors, Pressure sensors

Memberships

Overview of lightweighting expertise
