MetisMotion GmbH

About this organisation

Machine translation

This organisation has been machine-translated based on data provided in German.

Actuating Innovations - Following the Genius of Nature. MetisMotion GmbH has been developing bio-inspired actuator systems according to this guiding principle since 2018. The company is a spin-off from the Siemens Group and sets a new standard for the sustainable electrification of drives with maximum energy efficiency with its patented naXture® technology.

MetisMotion develops and manufactures ultra-compact and efficient power actuators.
