C. Cramer & Co. GmbH is one of the oldest German weaving mills for industrial fabrics. Our family-run company offers a wide range of more than 2,000 products made from various materials. For more than 7 decades, Cramer has been a well-known innovation leader and a reliable partner for high-tech textiles. Our customised solutions are used in various industries.

For more than 40 years, C. Cramer & Co. GmbH has been processing carbon fibres into reinforcing textiles and semi-finished products for lightweight construction. The rapid development of modern lightweight constructions is driving the expansion of our range of applications.
