

FGM Fritz Gradert Maschinenbau GmbH & Co. KG

About this organisation

Machine translation

This organisation has been machine-translated based on data provided in German.

FGM manufactures components for machines for the production of film, printing and paper products and is a complete manufacturer of machines and systems. Rotationally symmetrical and cubic components are characterised by experience and the production technology of metallic and carbon fibre-reinforced materials in combination with various functional coatings made of plastic, ceramic, rubber and chrome.

Manufacturing technology in the field of metallic and carbon fibre-reinforced materials.
