Grammer Railway Interior GmbH

About this organisation

Machine translation

This organisation has been machine-translated based on data provided in German.

Grammer Railway Interior GmbH is part of Grammer AG. Based in Ursensollen, the company is active in two business areas: Grammer develops and produces interior and operating systems as well as thermoplastic components for the automotive industry. Grammer is a full-service provider of driver and passenger seats for trucks, trains, buses and off-road vehicles. Grammer AG currently employs around 14,000 people in 20 countries worldwide.

Our expertise lies in developing innovative solutions with lightweight design and construction. Lightweight and sustainable materials reinterpreted is an essential part of our new seat generations. We work with our partners to create new and lightweight materials. We have set ourselves the goal of making our future lighter and more sustainable.
