About this organisation

Machine translation

This organisation has been machine-translated based on data provided in German.

For over 100 years, Gebr. Steller KG has been a family-run company producing forged components for a wide range of applications in automotive, commercial vehicle and aircraft construction. In addition to forged blanks, the product range mainly includes ready-to-install components and preassembled assemblies for small and large series. The product portfolio includes drive parts, fastening elements, flange parts, fork pieces, frame and hinge elements.

Forging-compatible design of lightweight components
