## Hüttenes-Albertus Chemische Werke GmbH

### About this organisation

#### Machine translation

This organisation has been machine-translated based on data provided in German.

Hüttenes-Albertus Chemische Werke GmbH is an international manufacturer of chemical products for the foundry industry. The company supplies foundries worldwide with input materials for various mould and core production processes. Hüttenes-Albertus has its own production facilities, laboratories and sales companies on all continents and is represented in around 30 countries. The head office is in Düsseldorf.

At the HA Centre of Competence in Baddeckenstedt, the company is testing new ideas for mould and core production processes, including the 3D printing of sand cores used in lightweight construction.

Wiesenstr. 23  
40549 Düsseldorf
