

PVA TePla Analytical Systems GmbH

PVA TePla Analytical Systems GmbH

About this organisation

Machine translation

This organisation has been machine-translated based on data provided in German.

With the development and production of innovative microscopes for ultrasonic inspection, PVA TePla Analytical Systems GmbH enables the non-destructive quality control of opaque materials and systems in materials research and analysis, the semiconductor industry, biology and medicine.

The materials and joining techniques required for lightweight construction can be checked for their joint quality using ultrasonic inspection.

Deutschordenstraße 38
73463 Westhausen
Baden-Württemberg
Germany

Organisation type

Large enterprises

Sectors

Others: Halbleiterindustrie

Employees

50 up to 249

Turnover

More than €50m

Funding

n/a

Main areas covered Quality inspection

Infrastructure

Certifications ISO 9001

Keywords

Memberships
