

ATP adhesive systems AG

About this organisation

Machine translation

This organisation has been machine-translated based on data provided in German.

ATP specialises in the development and manufacture of customised adhesive tape solutions. Equipped with state-of-the-art machinery, ATP supplies a wide range of industries worldwide, such as the automotive industry, construction industry, graphics industry, electrical industry and medical technology.

The company's lightweight construction competences include the development and manufacture of laminating films for composite panels, heat-sealing films, heat-sealing products, double-sided adhesive tapes and films.
