

About this organisation

Machine translation

This organisation has been machine-translated based on data provided in German.

MITEX is a medium-sized company specialising in the development and production of process-oriented elastomer coatings for shafts, rollers and rollers for use in industrial systems. Through the defined adjustment of mechanical and chemical properties, we enable the continuous production and refinement of a wide range of products and semi-finished products.

Special roller coatings for 2D/3D wallpapering systems and double belt presses. Focus on processes with high technical requirements.

Ludenberger Straße 36
40699 Erkrath
North Rhine-Westphalia
Germany
