

NB Technologies GmbH

About this organisation

Machine translation

This organisation has been machine-translated based on data provided in German.

NB Technologies GmbH offers electrolytes for galvanic metallisation and chemical products for etching metals in the field of semiconductor and microsystems technology. The portfolio includes system solutions for laboratory requirements through to (automated) small series production, as well as solutions for screen printing and nanoimprinting. NBT is a system provider for medical device components. NBT offers technology and engineering services.

NBT offers the design and manufacture of parts.

Fahrenheitstr. 1
28359 Bremen
Bremen

Organisation type

Small or medium-sized enterprise

Sectors

Others: Mikrosystemtechnik
Halbleitertechnik Galvanik

Employees

10 up to 49

Turnover

€2m - €10m

Funding

n/a

NB Technologies GmbH

About this organisation

Main areas covered Aluminium electroplating

Infrastructure

Certifications ISO9001:2015

Keywords

Memberships

Overview of lightweighting expertise
