

About this organisation

Machine translation

This organisation has been machine-translated based on data provided in German.

The multifunctional work and cargo bike from mocci is ideal for companies that want to operate efficiently, smoothly and sustainably in urban areas. Produced and equipped with ground-breaking technology & innovative materials, the "Smart Pedal Vehicles" (SPV) enable mobility on a completely new level. Optimised for commercial use, the SPVs are an endurance talent for every campus and last-mile logistics application.

CIP Mobility GmbH utilises various lightweight materials to develop and build innovative micro eMobility vehicles. The aim is to be at the forefront of innovation to create highly multifunctional pedal-assisted vehicles.
