About this organisation

Machine translation

This organisation has been machine-translated based on data provided in German.

Induflex Coating Systems GmbH has been operating in the surface technology market for around 20 years as a coating service provider specialising in low-pressure plasma technology (also known as PE-CVD).

As a contract coater of plasma-polymer release layers, ICS has already coated a wide variety of different moulds, particularly for applications in wax injection moulding and for large-surface RTM moulds.
